## Ship Highlights & Itinerary Carnival Conquest

The spectacular Carnival Conquest was introduced in November 2002 as a larger and longer version of Carnival's popular Destiny-class ships. The new 110,000-ton vessel will offer a wide variety of dining, entertainment and activity options. The additional space provided by the Conquest's elongated design will allow for the creation of a number of new facilities, including an expanded food service area on the Lido deck, a family entertainment center, a conference room/business center, an Internet cafe and an expanded sports and recreation area.

**Dining:** The two elegant dining rooms span two full decks, offering panoramic views of the sea. Other dining options include a reservations-only supper club, a two-level poolside eatery, 24-hour pizza, as well as a variety of specialty dining areas.

**Public Rooms & Entertainment:** In addition to Carnival's traditional array of bar, lounges and guest facilities, special features of the Carnival Conquest include a sports bar with multiple television monitors, a two-level Dance Club, and the 15,000-square foot Nautica Health Spa health and fitness center. The 1500-seat showroom will span three decks and feature the latest technical advancements. Other facilities include four swimming pools, a duty-free shopping mall and a 9,000-foot casino.
